

LATEST NEWS FROM SWELL® SURF PRODUCTS

NEW FOR 2011

NEW FOR 2011

New for 2011 is the Swell® 'Wide Buoy' range of surfboards, designed to offer even more stability to users by an increase of 16% (10 cm) in board width. The increase in width compared to a standard board can be seen in the above photo (standard board on left). The 'Wide Buoy' is available in our standard 6', 7', 8' and 9' length options for a small price premium of just £15 per board over the standard board price (ex-VAT).

Are you involved in giving surf lessons to the visually impaired or disabled, or just want to offer another option to those beginning to surf?

Then this is the ideal board to add to your fleet.

For further information please contact Paula or David at Swell® Surf Products Limited, on +44 (0)1209 843484, or via the enquiry form on the Swell® website www.swellsurfproducts.co.uk
